

## THE FINE PRINT

A \$50 Non-refundable deposit is due at time of booking. If the photo shoot is cancelled by you, this \$50 deposit is not refunded. If the photo shoot is rescheduled, the \$50 deposit will be moved to the new photo shoot date.

You will receive ALL the photos from the photo shoot via a Dropbox link that is sent to your email, within 7 business days. When using the Dropbox link, please download ALL your photos to your own computer or Dropbox. Carissa Boles Photography only keeps photos for one year. You may request a Dropbox link any time after your photo shoot, up to 365 days.

I edit all your photos before I give them to you (lighting, color, black/white, etc.) More precise edits, for example, blemishes, wrinkles, coloring over gray roots, etc. will be \$12 extra per photo after the first five photos. I will do 5 precise edits to your top 5 photos, once you let me know which ones you'd like edited.

Most photo shoots (except Elopement) are one hour long. If we go over the one hour timeframe, I will remind you that our hour is up and if we continue, there will be a charge of \$75/half hour charge.

*Example: if our photo shoot runs for 1 hour and 35 minutes, the fee is \$225. If our photo shoot runs for 1 hour and 50 minutes, the fee is \$300. You will not be charged if we have technical difficulties or clearly the fault is the photographers.*

*Elopement example: if our photo shoot runs for 1 hour and 35 minutes, the fee is \$375. If our photo shoot runs for 1 hour and 50 minutes, the fee is \$500.*
